

I have ENJOYED the WI No-call program. I am no longer bothered by salespeople with whom I do not wish to have a relationship with. I don't understand their idea that we as consumers want to be bothered with the multitude of annoying phone calls on our personal lines as we had before. It became a joke at our house to see what kind of line we can give the callers to get rid of their calls. It also cost us money because we ended up being so bothered by them that we purchased caller ID on our line. If this goes through and WI's no-call list is superseded by the federal, I guess it will cost us again because we'll have to go to a private line or just use cellular service to avoid them. As the saying goes, don't call us we'll call you!!!
